LARGE FARM PURCHASED

It is Expected to Have the Enterprise
In Operation by August 15—Peni-
tentiary Executive Board Check-
mated—The Fertilizer Rates Will
Stand—Death of a Well Known
Minister.

Raleigh, N. C., July 3.—The Catholic Church here has bought 200 acres of land near the city, and will build on it an industrial school, an orphanage and a home for the aged. There is already on the land a large frame building. This will be at once added to and remodelled and Father Price, who is in charge of the enterprise, hopes by August 15th to ring the first bell of the institution. A number of sisters, who will engage in charitable work will come here immediately the house is ready for occupancy.

The Catholic Church of the United States is assisting the local church in this work, and a large amount of money will be spent within the next few years in building up the institution.

The property bought for this school is the Heck farm, southwest of Pullen's park. This farm is near the city, high, fertile, well drained and otherwise admirably suited for the purpose for which it has been secured.

A BOARD CHECKMATED.

Early in the week action was commenced by the manager of the penitentiary for a mandamus to pay the warrants as issued by the board.

Saturday the Treasurer, as a counter-move, commenced suit against members of the Executive Board to compel them to issue warrants in accord with the opinion of the Attorney General.

The object of the suit, to be more explicit, is to obtain a writ of mandamus compelling them to alter a warrant or to issue a new one for the indebtedness remaining unpaid and incurred by reason of the loan to the penitentiary in 1898.

If this change is ordered in one case it must be made in all of them.

The summons, issued Saturday, is returnable here at Chambers on July 14th, before Judge Fred Moore, which puts the hearing of this case ahead of that brought against the Treasurer by Arendell.

The complaint in this case will be filed Monday, as will also the answer to the complaint in the Arendell case. Some spiky reading is promised in the last named document.

FERTILIZER RATES STAND.

The Corporation Commission Monday gave the railroads another hearing on the fertilizer-rate question.

The matter came up on exceptions to the new rates. These exceptions were filed by the Atlantic Coast Line, the Southern and the Norfolk and Western. Assistant Freight Agent Williams appeared for the Coast Line, W. A. Guthrie, attorney for the Norfolk and Western; District Freight Agent Drake and Assistant Freight Agent Browder for the Southern.

Arguments were made by these gentlemen against the new rate, on the ground that it was too low to be just and reasonable. The commission, however, was of a different opinion. It over-ruled the exceptions and reaffirmed the new rates.

WELL KNOWN MINISTER DEAD.

A special from Greensboro says: Rev. R. P. Troy, well known all over North Carolina, after a short illness, died at his home in Mendall street Saturday afternoon at 3:30 o'clock.

All the bars in the city were shut up Saturday, and owing to the fact that the dispensary was not ready for active business the town was practically a dry town.

CURE SICK HEADACHE.

RAW AS BEEF
FROM ECZEMA!

No Torture Equal to the
Itching and Burning of
This Fearful Disease.

Eczema—which is more than skin-deep, and can not be reached by local applications of ointments, salves, etc., applied to the surface. The disease itself, the real cause of the trouble, is in the blood, although all suffering is produced through the skin; the only way to reach the disease, therefore, is through the blood.

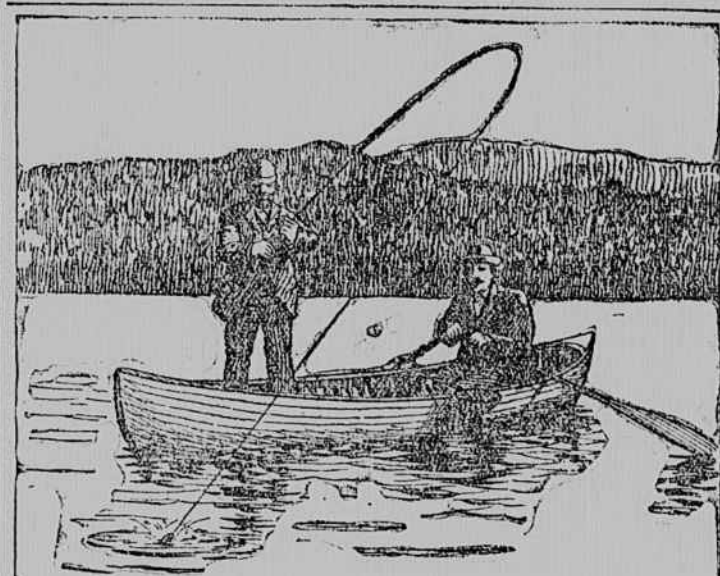

Mr. Phil T. Jones, of Mixersville, Ind., writes: "I had Eczema thirty years, and after a great deal of treatment my leg was so raw and sore that it gave me constant pain. It finally broke into a running sore, and began to spread and grow worse. For the past five or six years I have suffered untold agony and had given up all hope of ever being free from the disease, as I have been treated by some of the best physicians and have taken many blood medicines, all in vain. With little faith I began to take S. S. S., and it apparently made the Eczema worse, but I knew that this was the way the remedy got rid of the poison. Continuing S. S. S., the sore healed up entirely, the skin became clear and smooth, and I was cured perfectly."

Eczema is an obstinate disease and can not be cured by a remedy which is only a tonic. Swift's Specific—

S. S. S. FOR THE BLOOD

—is superior to other blood remedies because it cures diseases which they can not reach. It goes to the bottom—to the cause of the disease—and will cure the worst case of Eczema, no matter what other treatment has failed. It is the only blood remedy guaranteed to be free from potash, mercury or any other mineral, and never fails to cure Eczema, Scrofula, Contagious Blood Poison, Cancer, Tetters, Rheumatism, Open Sores, Ulcers, Boils, etc. Insist upon S. S. S.; nothing can take its place.

Books on these diseases will be mailed free to any address by Swift Specific Company, Atlanta, Georgia.
